Report of Chief Engineer of Fire Department

To the Selectmen and Voters of the Town of Milton:

In rendering my report of the Fire Department for the year ending January 31, 1935, I will state we have had only three fires this year causing much damage. The department has responded to 37 calls.

27 chimney fires.

3 fires where buildings were involved.

2 brush fires.

1 fire in bleach room.

1 fire April 9, in Lebanon, Maine.

1 chimney fire October 5, in Lebanon, Maine.

1 fire July 19, at Union, N. H.

1 fire December 24, at North Rochester.

The amount of property involved in fires is as follows:

Value of buildings	\$6,200 00
Insurance on buildings	2,490 00
Insurance paid	2,490 00
Value of contents	9,410 00
Insurance on contents	2,650 00
Insurance paid	2,650 00

I recommend that a pipe be laid from the pond to street at north end of Village to be used in case of fire.

The firemen are much in need of helmets to wear in buildings which are on fire and I would suggest that some be purchased.

In helping the Engineers and Firemen, I take this opportunity to thank the Selectmen and all who have aided us in any way during the year.

Respectfully submitted,

FRANK B. McINTIRE,

Chief Engineer.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Milton:

I have the honor to present the customary report for your schools. The table of statistics is for the year ending June 30, 1934, as taken from the records on file.

Statistics for the Year Ending June 31, 1934

School	Teacher	Ave. Membership	Average Daily Attendance	Per Cent. of Attendance	No. of Tardinesses	No. Enrolled
Milton 1 and 2	Ethelyn Bickford	39.53	37.64	95.22	7	54
Milton 3 and 4	Helen Chamberlain	28.21	27.52	97.55	5	44
Milton 5 and 6	Marion J. Atwood	22.81	22.33	97.90	1	37
Milton 7 and 8	Alvin A. Newell	23.73	23.29	98.14	7	31
Milton Mills Prim.	Rosamond Pike	14.26	13.64	95.69	18	18
Milton Mills Inter.	Manora T. Clayton	14.76	14.16	95.93	4	16
Milton Mills Gram.	Jessie L. Walsh	20.71	19.84	95.72	6	24
Nute Ridge	Ferne C. McGregor	19.87	19.43	97.78	8	27
Totals and Averages		183.88	177.85	96.72	56	251

On July 1, Milton was added to Supervisory Union No. 56 which now comprises Somersworth, Rolinsford, Durham, Madbury and Milton. The enlargement of the supervisory unions has made it necessary for clerical help to be provided but Union No. 56 already had a full time clerk for forty weeks, the office being in Somersworth. Without this help the superintendent would not have been able to visit your schools as often as I do. Your present superintendent believes in many visits of short duration. Milton's share of the superintendent's time is one day per week.

The enrollment for 1934-35 is 102 boys and 92 girls, four less than last year. Their distribution is as follows:

Village school, grades 7 and 8	22
Grades 5 and 6	20
Grades 3 and 4	40
Grades 1 and 2	39
Nute Ridge, all grades	23
Milton Mills, grades 6, 7 and 8	20
Grades 4 and 5	13
Grades 1, 2 and 3.....	17

There is a possibility that next year some assistance will have to be given for the third and fourth grade teacher, since that room will have about 48 pupils, if the enrollment holds the same.

The attendance for the fifteen weeks of the fall term was very high—98% and the tardiness record unusually good. Only 14 tardy marks being recorded for all elementary schools. The following grades reported no tardy marks. Grades 1, 2, 5, and 6 of Milton Village; Grades 1, 2, and 3 of Milton Mills; Nute Ridge reported an attendance percentage of 99.8. I doubt if any school district in the state can report a better record.

Federal funds have been provided for the free distribution of milk to those pupils, selected by the nurse and the teachers, as being in need of milk to help build strong bodies. Twelve bottles per day are being furnished by Mr. B. B. Plummer.

No change in the teachers of the elementary schools has been made this year. Your incoming superintendent expected to find good schools and a good corps of teachers, and he did. No change in procedure has been found necessary.

The report of the headmaster of Nute High School will follow and also that of the School Nurse. I wish

to thank the School Board and Citizens of Milton for so cordially receiving me into their midst.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.

REPORT OF HEADMASTER OF NUTE HIGH SCHOOL

*To the Superintendent of Schools and the Members of
the Board of Trustees:*

The forty-fourth year of this institution opened September 4th with an enrollment of eighty pupils. Transfers to other schools and withdrawals reduced the registration until at present there are 73 pupils divided as follows: seniors, 12; juniors, 24; sophomores, 19; freshmen, 18.

There has been one change in the teaching staff. Miss Beatrice Nutter, former instructor at New Ipswich Academy, replaced Miss Ruth Southwick who resigned to be married.

In combining districts, Nute High was assigned to the Somersworth District and came under the guiding hand of Superintendent Howard Winslow.

Reports from the State Department of Education show the school to be above State Median and Standard in English forms and reading.

Group intelligence tests in general intelligence, arithmetic and spelling have been given to show individual differences in pupils.

Again realizing the value of visual education, field trips have and will be made by various groups. The senior class visited Berlin and were conducted through the Brown Company Paper Mills, observing the manufacture of this product from the tree to finished material. They were guests at an assembly of the high school and served a delicious supper by the Domestic Arts department of the school. The junior Physics class spends a day each year at the University of New Hampshire laboratories, where under the guiding hand of Professor Moran and their headmaster

they witness and conduct experiments with apparatus beyond the financial means of most high schools. The senior American Government class and junior Sociology classes visit Concord, visiting Legislature, the State Prison, State Library, Federal Court and historical buildings. The Commercial group visits modern offices and observes up-to-the-minute equipment, while the Physiography group enjoys field trips in and about Milton studying the make-up of the soil, rocks and country in general.

Athletics have been self supporting and have furnished a surplus for the installation of electric lights in the school, a long needed improvement.

Each member of the school has been weighed and a thorough examination of eyes and throat made by the school nurse, Miss Marion Northway.

Several outstanding booklets and papers have been prepared and in the Better Foods Contest, a member of the freshman class won a cash prize in a National Essay Contest.

Attendance has been excellent as in the past four years, regardless of the inclement weather.

This year as in the past two years, the school annual, The Purple and Gold, won national recognition in the Columbia Scholastic Press Contest.

It is the policy of the headmaster to bring the pupils in contact with outside people of prominence and to date the following have addressed the student body: Mr. Joseph Kenny of the Crowell Publishing Company; Mrs. Mary Davis of the New Hampshire Division of Public Health; Mrs. Lucia Gilbert, Massachusetts Society for Prevention of Cruelty to Animals; Mrs. M. Pillsbury who gave a stereopticon lecture on Colonial America and Mr. H. H. Randlett of the New England Telephone and Telegraph Company who spoke on "The History of Communication."

As a public safety measure a new course in auto driving is being taught to all over sixteen. The course includes the cause of accidents, State motor vehicle and traffic regulations, the mechanism of an auto, improving driving skill, etc. At the completion of the course those successfully passing it are given driving tests and granted licenses.

The excellent condition of the building and school property is due in a large measure to the untiring efforts of Caretaker Willis Tetherly, whose personal interest is highly commendable.

Respectfully submitted,

PHILIP R. BURLINGAME,

Headmaster.

Twelve children of pre-school age have had tonsils and adenoids removed and seven have had teeth cared for.

Beginning in November, twelve children are being furnished with milk during the morning session, by

the State. Cod Liver Oil has also been furnished to many.

This fall work was begun with the Nute High School pupils. Pupils were examined and "follow-up" work will be done. Mrs. Mary D. Davis, Director of the Division of Maternity, Infant and Child Health, has given one talk to the boys and girls, separately, on Social Hygiene and another one has been planned for later.

A dental clinic and a Toxoid clinic are being planned for the coming year. I also hope to have all pupils tested for hearing with the Audiometer.

May I take this opportunity to thank the teachers for their co-operation, the Selectmen and the Health Officer for their assistance and all parents who were most cordial and gracious when I called at the homes.

Respectfully submitted,

MARION E. NORTHWAY, R. N.
